

Dendro B

Bottom Assembly Instructions

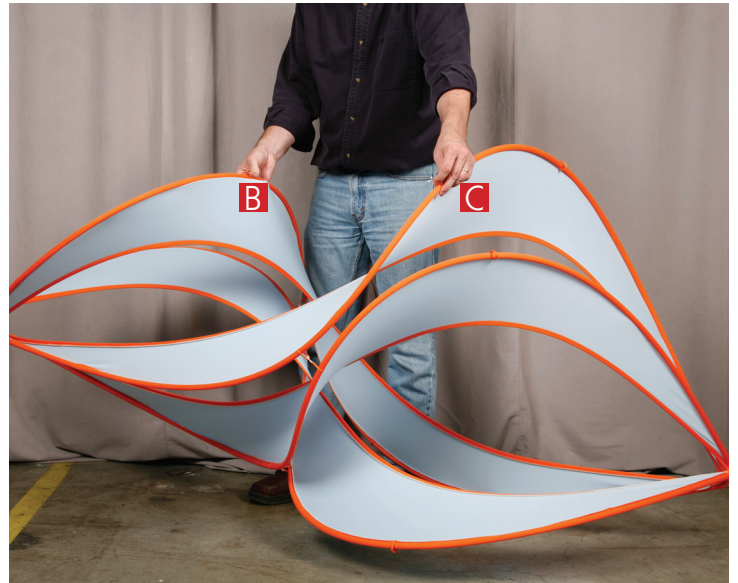

Points **A** and **E** will come already tie wrapped together; if not attach all point **A** together and point **E** together.

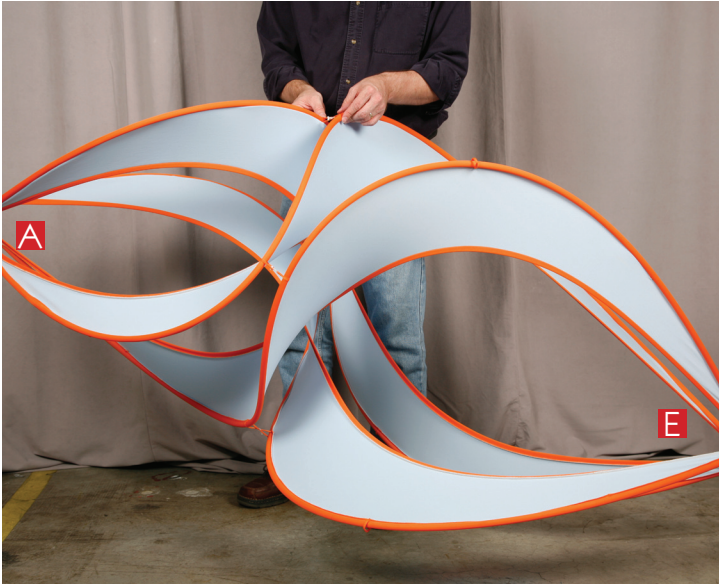

Check to see that you have above configuration before proceeding.

Attach **Loop C** to **Loop B** of next petal.

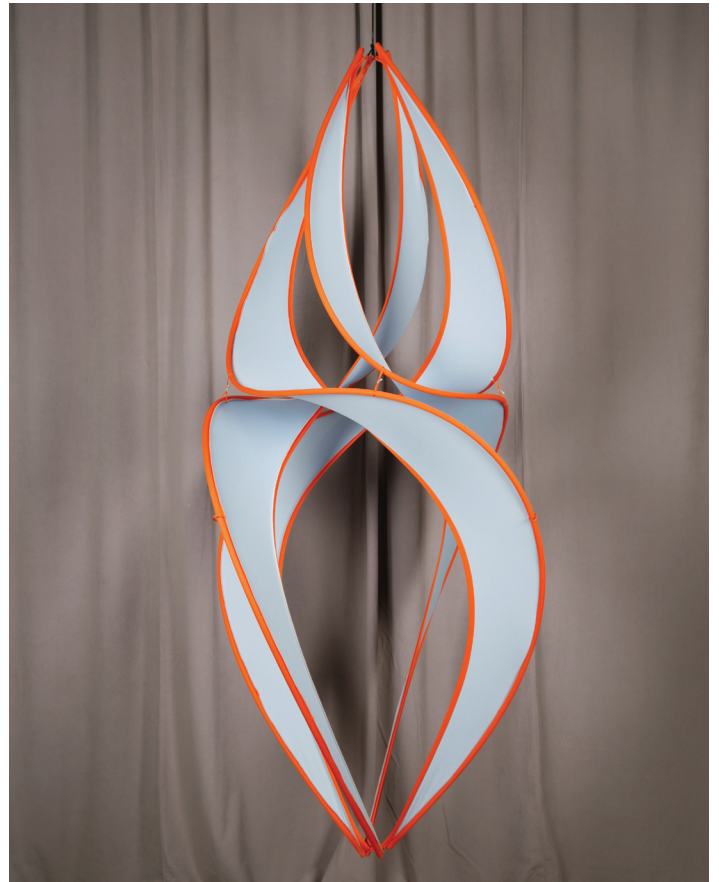

Rotate and continue attaching **Loop C** to **Loop B** on each petal.

Push Points **A** and **E** apart.

Attach final **B Loop** to **C Loop** using butterfly twist clip.

Dendro B.
