

# DURA™

## A hard-wearing, easy roll out durable floor for temporary or permanent installation.

Dura is a floor to make touring easy. Its finely textured surface is suitable for a wide variety of traffic including live performance, rehearsals, dance and auditorium use. Dura is rugged yet amazingly pliable and is interleaved with a glass fiber reinforcement layer for complete dimensional stability. The floor's overall construction is 2mm thick and has an incredibly durable 0.7mm wear layer. Dura is easy to roll out over stage decks or can be permanently adhered to platforms or sub floors.
