

Mix & match these 2-D and 3-D Quattro tiles to create unique backdrops and ceiling treatments. The tensioned tiles create positive and negative space. Constructed of **IFR Tendo**, all corners join easily with the provided clips. These lightweight fabric forms are available in white or in vibrant colors, in varying dimensions.

Note: Given the nature of fabrics with elastic properties, there will always be minor variations in constructed stretch shapes. Our drawings are visual representations to assist with your designs and concepts: the drawings should not, however, be used for engineering purposes.
