

# DOLCE PLUS™

**Deep cushioned floor for dance studios and exhibitions. Gentle on feet and joints and durable enough for a long life.**

Gentle cushioning is the trademark of Dolce floors. Dolce Plus offers maximum comfort and safety from a plush 6mm thick cushioning layer. Combined with its hard wearing surface, this makes Dolce Plus the right choice in studios and stages which are used for high impact performances. It can be permanently installed and has a light embossed surface texture for additional slip resistance. The overall thickness is 6mm constructed of a 0.7mm wear layer plus glass-fiber reinforcement layer and cushioning. Despite its thicker construction, Dolce Plus rolls out and lays flat quickly for easy installation. Multi-purpose venues, dance studios and exhibition stages will all benefit from installing Dolce Plus floors.

**FEATURES/BENEFITS:**

- Thick cushioning for comfort and safety
- Heavy duty, durable floor
- Flexible, lay flat, easy installation
- Subtle texture and slight cushioning
- Permanent or temporary installation

**RECOMMENDED FOR:**

- Exhibitions
- Rehearsal halls
- Stages
- Dance studios
