

2-D Splats come in 3, 4, 5, and 6 point stretch shapes and are constructed out of **IFR Tendo**, Rose Brands Trevira® **IFR** stretch fabric that has it all. Tendo is washable and has a great 2-way stretch memory. Available in **IFR Tendo**, Sparkle Tendo, and Crackle Tendo.

Note: Given the nature of fabrics with elastic properties, there will always be minor variations in constructed stretch shapes. Our drawings are visual representations to assist with your designs and concepts: the drawings should not, however, be used for engineering purposes.
