

PROJECTION FABRIC SPECIFICATIONS

FABRIC: SOFT SCREEN
SKU: SOFT0001

DESCRIPTION: Excellent for both front and rear projection with no hot-spotting. Very soft and wrinkle resistant, Soft Screen is great for touring and events. It deploys smoothly right out of the bag with just enough stretch to create a nice tight surface. Great HD viewing quality with no moire effect. Grey surface yields better contrast and color saturation in ambient light conditions.

Colors: White
Width: 122" (310 cm)
Roll Length: 100 yrd (91 M)
Weight: 185 GSM
Finish: Minor sheen / matte weave

Content: 100% Polyester
