CERTIFICATE OF FLAME RETARDANCY

We, the undersigned, being duly sworn, depose and say that we are in business at 75 Ninth Avenue, New York City, New York, with offices also at 10616 Lanark Street, Sun Valley, California.

The material described below has been certified to us by the manufacturer as having been tested and shown to meet the minimum requirements of N.F.P.A. 701-1989, small scale, and shown to be inherently and permanently flame-resistant for the life of the material. When properly maintained the flame resistant condition will remain unchanged. This material may be washed or dry-cleaned.

Additionally, this material has a smoke spread index of 5 and a smoke developed index of 100 (class "A" or class "1") when tested according to ASTM E84-95 (also known as NFPA 255, ANSI 2.5, UBC 8-1 (42-1) and UL 723).

Furthermore, this product meets the minimum requirements of flame resistance established by the California State Fire Marshall and has the California registration no. **FA-37201**.
