

VINYL PROJECTION SCREEN SPECIFICATIONS

Black 130 Projection Screen - 55in

Black 130 Rear Projection Screen is exceptional in show situations where the screen wants to disappear and must not bounce ambient light. In addition, the Black 130 makes an excellent diffusor for LED walls, softening and masking the individual pixels to result in a brilliant image with high contrast. Custom screen sizes and shapes can be fabricated to your specifications.

Front Proj: Gain at 90° = 0.21

Rear Proj: Gain at 90° = 0.94

Viewing Angle = 80 deg.°

Viewing Angle = 60 deg.°
