INSTALLATIONS	5	SHOWLED STAR CURTAINS	15
EVENT DRAPES	6	DIGITAL PRINTING	16
Velours	7	MASKING CURTAINS	17
Sheers	8	GAFFERS TAPE	17
Metallics	10	SPECIAL EFFECTS	18
Silks & Satins	11	TRACK & RIGGING	19
BACKDROPS	12		

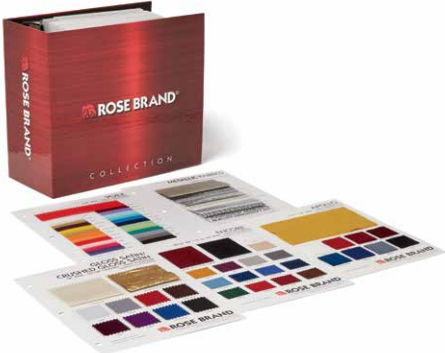

Event planners and designers often work on tight timetables. Whether you need a single curtain panel or a mile of 30' high rental curtains, Rose Brand can handle even the largest pipe and drape orders with just a couple of days' notice. We have a broad range of curtain types, colors, sizes, and textures stocked on both the East and West Coasts, so it ships quickly to U.S. destinations.

Rose Brand Rentals competitive advantages include:

- The largest inventory of rental curtains and event drapery in the country
- Fast turnaround
- Items checked for perfect condition before shipping
- Items labeled for exact placement in your venue to speed load-in and lower setup cost

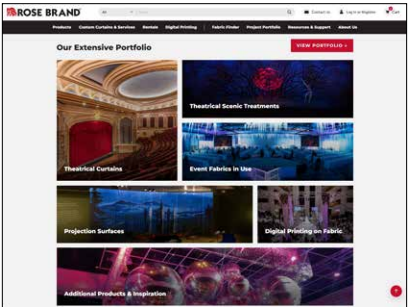

Request Samples Online or by Phone

Order sample cards to explore every color swatch of a specific fabric. Larger cuts of individual colors are also available.

Or choose the Rose Brand Fabric Sample Binder for a curated selection of our most popular fabric sample cards.

The Largest Drapery Inventory

Rose Brand maintains the largest inventory of flame-retardant rental drapery in the country. Choose from Velours, Sheers, Silks, Satins, Metallics, and Cycs in a wide range of colors, sizes, textures, and finishes. We also offer our Kabuki Drop System, Chabuki Solenoid Drop System, Star Drops, Swags, Austrians, Snow Machines, and a full range of Pipe & Base systems and modular curtain track.

Inspected for Perfect Condition, Every Time

Timing is critical in the event business. You need to get it right the first time! That’s why Rose Brand inspects every order before it leaves our warehouse, to ensure its arrival in picture perfect condition at your venue.

Lower Setup Costs

We label every item in your order for venue, room, area within the room, and any other related data that you provide. This speeds up your load-in time and minimizes your setup costs.

Fast Turnaround

With inventory on both the East and West Coasts, orders ship quickly to any U.S. destination. We can usually handle even the largest orders with just a couple of days’ notice.

Let Rose Brand Install Your Drapery

Now Offering Install & Strike Services in Southern California

Planning an event is demanding enough! Let Rose Brand handle the drapery installation.

Our professional install and strike teams are available throughout Southern California, from San Diego to Santa Barbara, providing reliable on-site service when you need it most.

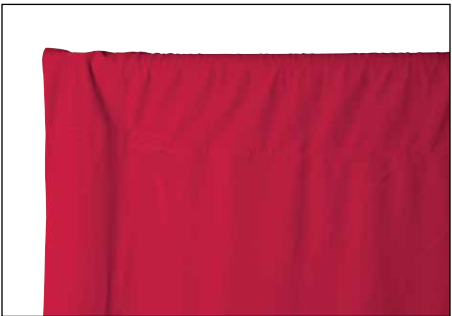

Rose Brand West provides skilled technicians who can deliver, install, and strike your drapery for events of any size. Simply let your sales associate know if you would like a quote for installation services.

Product: Voile

Curtain Fullness

All of our stock is sewn flat to give you the flexibility to create the look you want. Fullness gives a richer look to the drape, increases the depth of field, and absorbs more light and sound.

Flat or 0% Fullness

50% Fullness - 1.5x Width

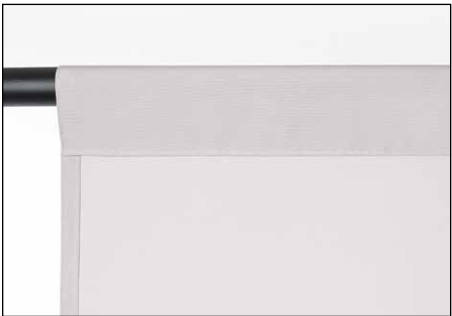

100% Fullness - 2x Width

Scrunch or tie in the fullness on the pipe to give the drape a richer look!

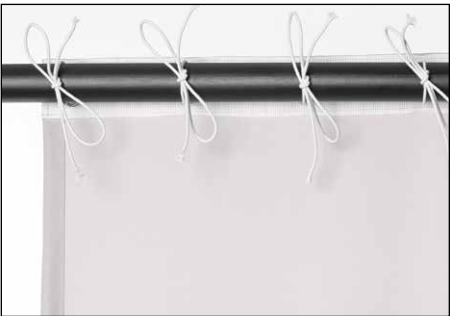

Curtain Top Finishes

Most of our stock uses one of these three top finishes for rigging. Please specify which top finish is best suited for your event space when requesting a quote.

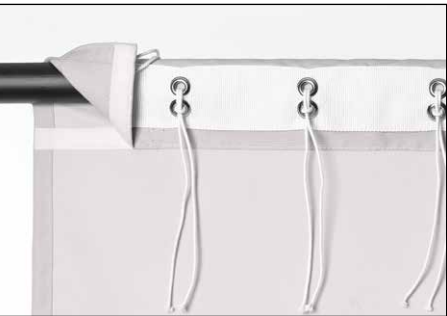

Pipe Pocket

Quickly slide drape onto Pipe & Base!

Hidden Ties

Tie flush to the front of the pipe or truss.

Pipe Pocket with Hidden Ties

Use the pipe pocket OR the hidden ties!

Swags

Austrian Curtains

Product: Scarlet Luxe Velvet

15 oz. Encore, IFR

Our core rental fabric. Wrinkle-resistant velour designed for durability and consistent performance.

- Drapes beautifully
- Matte finish
- Exceptional dye-lot consistency
- Available in heights over 30'

Also available as a Swag

Luxe Velvet, IFR

Our economical lightweight velour with a soft hand and elegant drape.

- Matte velvet finish
- Lightweight and easy to shape
- Perfect for events, scenic sets, or architectural decor
- Available in heights over 30'

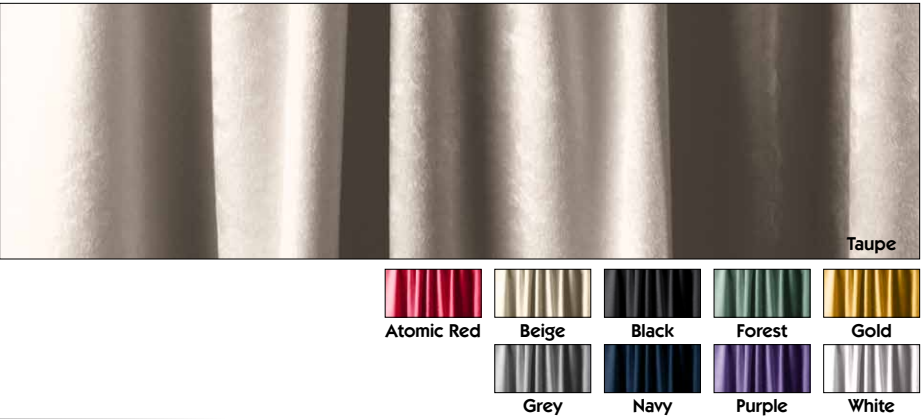

Super-Vel, IFR

Our most popular ultra-lightweight brushed velour with a distinctive mottled texture.

- Ultra-lightweight fabric
- Brushed velour surface with a natural mottled look
- Available in heights over 30'

Also available as a Swag

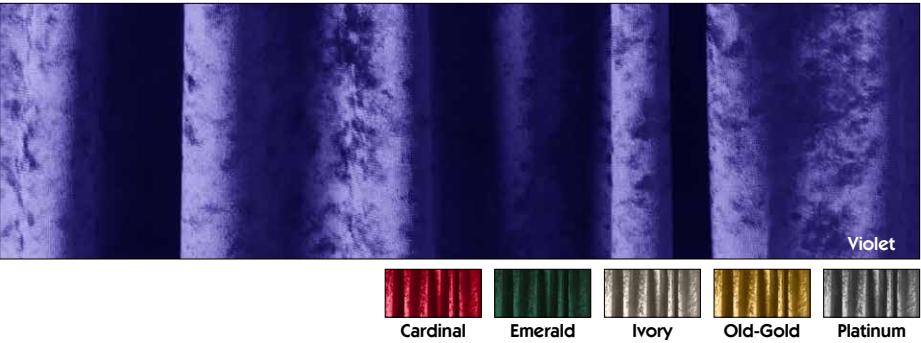

Gliss Panné Velvet, IFR

A lustrous lightweight polished velvet with a classic panné texture.

- Shimmering surface with distinctive crushed velvet look
- Best displayed with generous fullness

Also available as a Swag

Product: Voile

Voile, IFR

Lightweight semi-transparent voile drapery with a soft, billowing appearance.

- Sheer fabric that creates airy, flowing movement
- Ideal for layered draping and soft event environments
- Recommended fullness of 200% for best effect
- Available in heights over 30'

Fuchsia

Shimmer Organza, FR

Iridescent polyester sheer that produces dramatic color shifts as light moves across the surface.

- Brilliant reflective sheen with shifting color highlights
- Enhanced when layered over opaque drapery
- Allow time to steam wrinkles before installation

Alabaster

Rent neutral color drapes, and change their look with different colored lighting!

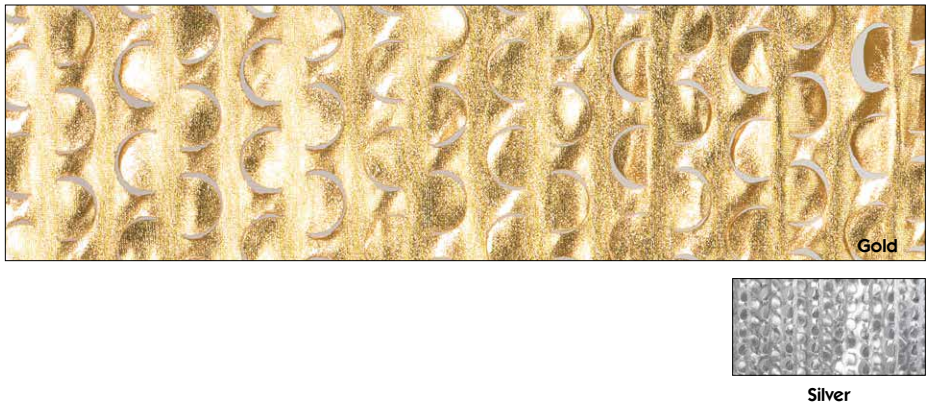

Product: Voile, Metal Beaded Swags, Pipe and Base

Frazzle, IFR

Metallic sheen fabric etched with repeating half-circle cutouts that create a dimensional peek-a-boo texture.

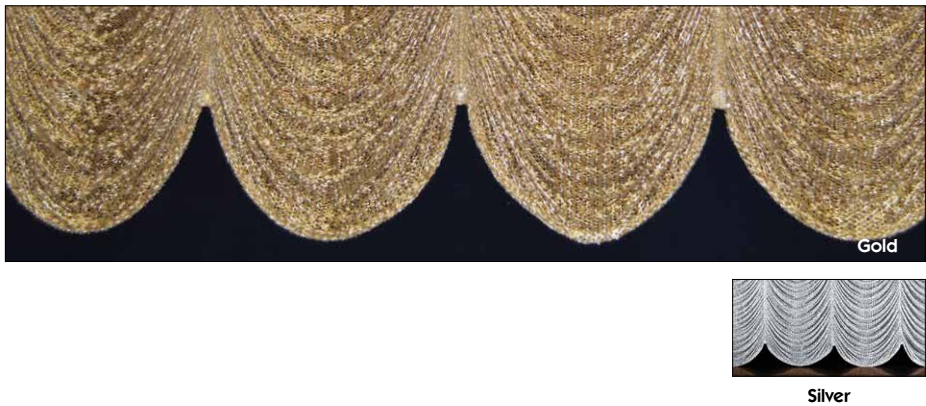

- Directional pattern creates varied 3-D effects
- Reflective surface catches light beautifully

Frazzle Swag, IFR

Metallic half-circle cutouts form an Austrian scalloped swag.

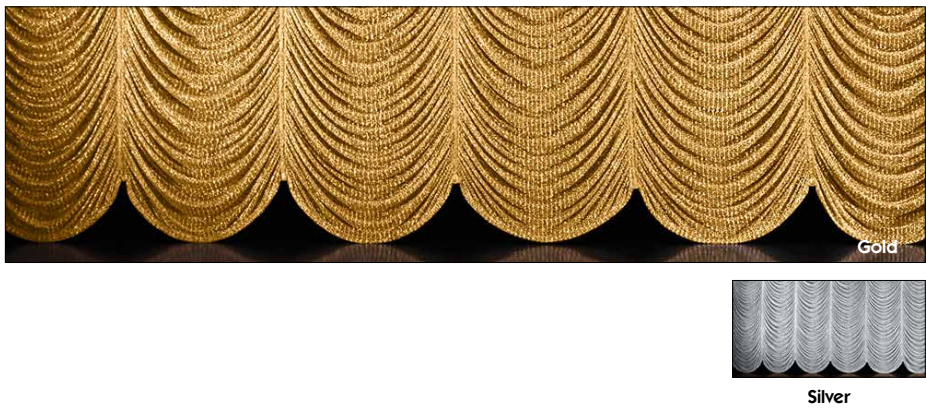

- Layer over drapery to add depth
- Frame entrances and stages
- Ideal for balconies and prosceniums

Frazzle Austrian, IFR

Metallic half-circle cutouts form a bold, custom-sewn Austrian curtain.

- A statement piece for bold, eye-catching designs
- One of our most popular drapes
- Ideal for stages and backdrops

Metal Beaded Swags

Large-scale faceted stainless steel beads create dramatic reflective effects under lighting.

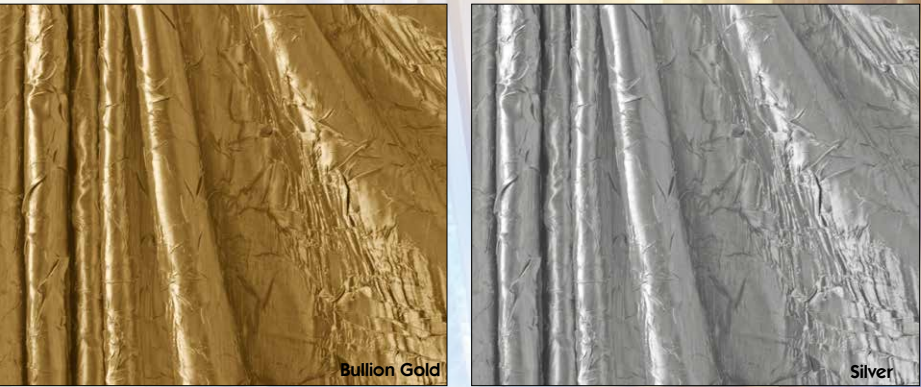

- Highly reflective surfaces produce dynamic light play
- Oversized beads add bold texture and visual depth
- Modular swag configurations available

Crushed Gloss Satin, IFR

Glossy satin with a crushed texture that creates rich highlights and dramatic depth under lighting.

- Lustrous satin surface with dimensional texture
- Reflective surface enhances lighting effects
- Adds depth and richness to draped environments

Tergalet Crushed Silk, IFR

Semi-gloss crushed faux silk with a soft, dimensional texture and a finished look on both sides.

- Reversible fabric with attractive texture on both sides
- Subtle sheen adds depth under lighting

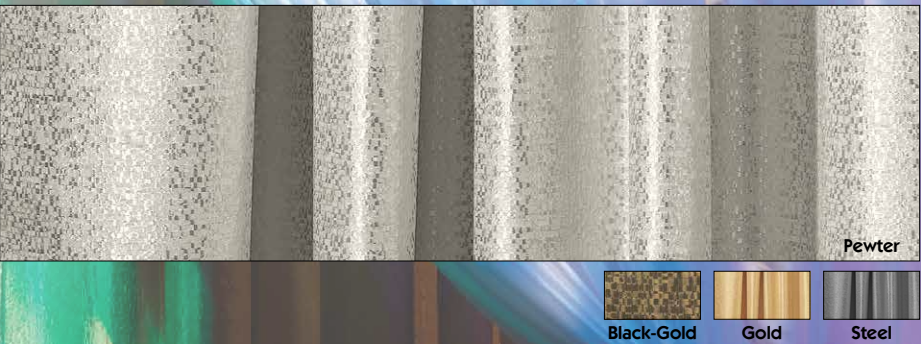

Also available in Austrians & Swags

Duet, IFR

A wrinkle-resistant fabric featuring a striking contrast of matte and glistening surfaces.

- Dual-texture finish adds visual depth
- Subtle sheen highlights movement and lighting
- Wrinkle-resistant for clean installations
- Creates a refined, upscale appearance

Rent neutral color drapes, and change their look with different colored lighting!

Linx modular backdrops put the wow factor in your event.

Our fabulously styled line of Linx fabric backdrops come in a variety of unique looks, textures, and opacities. From subtle to dramatic, they're highly versatile and perfect for almost any event or occasion. Linx backdrops are modular and join together to work in your space. Most are available in neutral white or silver so that you can light them to achieve the color that fits your decor.

Confetti, FR

Textured backdrop with an elegant three-dimensional surface.

- 20' H x 8' W modular panels join together for seamless wide backdrops
- Neutral white surface ideal for lighting effects
- Top finish includes pipe pocket and ties

Niagara, FR

Textured backdrop with a soft, refined three-dimensional surface.

- 20' H x 8' W modular panels join for seamless wide backdrops
- Neutral white surface ideal for lighting effects
- Top finish includes pipe pocket and ties

Curves, FR

A sculptural backdrop with sweeping curves and a satiny silver charmeuse surface.

- 20' H x 8' W modular panels join for seamless wide backdrops
- Reflective silver surface transforms with lighting
- Top finish includes pipe pocket and ties

Frazzle Austrian, FR

A glitzy Austrian-style backdrop featuring the distinctive Frazzle metallic texture.

- 20' H x 8' W modular panels join for seamless wide backdrops
- Reflective silver or gold finish takes colored lighting beautifully
- Top finish includes pipe pocket and ties

Cardinal Panné Gliss Austrian, FR

Austrian backdrop in rich cardinal red panné velvet with a lustrous, textured finish.

- 20' H x 8' W modular panels join for seamless wide backdrops
- Bold cardinal red color adds dramatic visual impact
- Top finish includes pipe pocket and ties

Tempest, FR

An intricately textured backdrop with an expressionist, dimensional appearance.

- Available in 20' H x 20' W or 20' H x 40' W sections
- Neutral silver finish works beautifully with colored lighting
- Top finish includes pipe pocket and ties

Rain Curtain/Slit Drape, IFR

Multi-layered metallic strips create a shimmering "rain" effect that adds movement and sparkle to any space.

- Layered reflective strips produce dynamic shimmer
- Adds depth and motion
- Ideal for stages, entrances, and festive installations

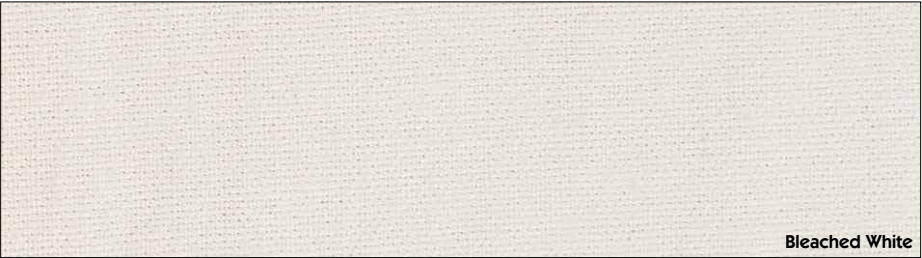

Large-Scale, Seamless Muslin Screens

Create immersive environments and engaging presentations with seamless projection screens from Rose Brand.

Seamless Muslin, FR

Heavyweight muslin in brilliant, pristine white. These cotton backdrops are perfect for projection and lighting effects. Also effective as a bounce in studio lighting situations.

Bleached White

Available in heights up to 30' x 60'.

Star Curtains

Create an instant star-filled sky with Classic or Chameleon ShowLED Star Curtains.

It's simple to set up and configure. The LEDs create a realistic twinkling star field effect that reads well on camera and in high ambient light. Durable, lightweight, and flexible, the ShowLED Star Curtain is valued for quality effects and fast set-up time. Comes with a DMX compatible Roadstar 8 channel controller.

ShowLED Classic has blue-white LEDs, while ShowLED Chameleon has RGB LEDs for a multi-colored twinkling star field. Tie multiple panels together to create an enormous backdrop!

SHOWLED
chameleon

Shines bright in
256 colors!

Purchase
Gaffers Tape
by the case &
SAVE

Pro-Gaff Gaffers Tape

Industry pros know that Pro-Gaff makes the best gaffers tape available.

Use Pro-Gaff to:

- Bundle and color-code cables
- Label road boxes and equipment
- Place spike marks for performers
- Secure lights and gels

Available in over 20 colors! 1/2" - 3" wide.

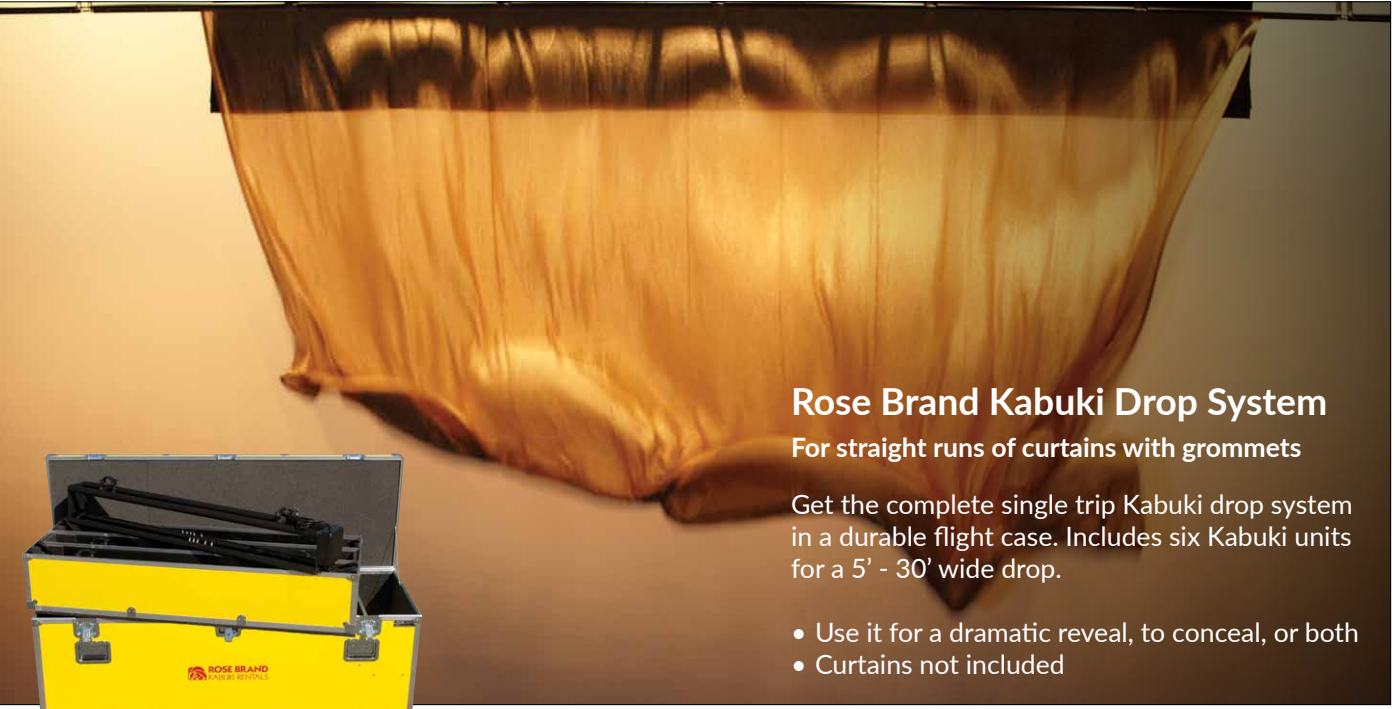

Caution Tape

Spike Tape

Double Sided Tape

A large, flowing, golden-brown curtain hangs from a track system. Below it, a yellow and black equipment case is open, showing the internal components of the drop system.

Rose Brand Kabuki Drop System

For straight runs of curtains with grommets

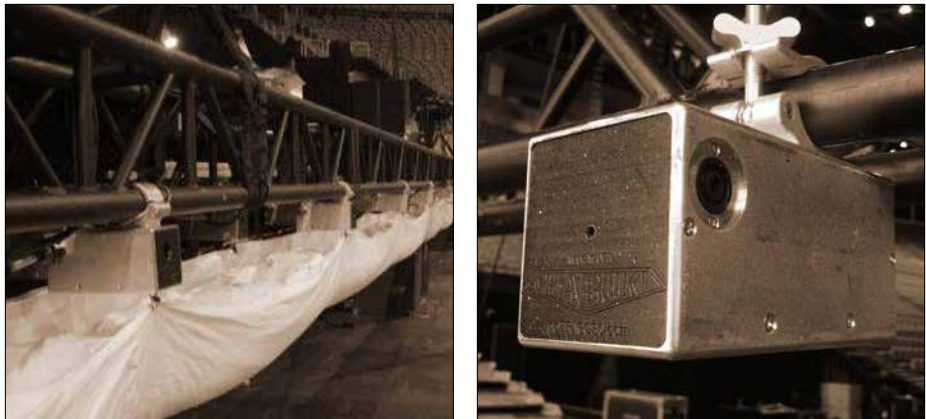

Get the complete single trip Kabuki drop system in a durable flight case. Includes six Kabuki units for a 5' - 30' wide drop.

- Use it for a dramatic reveal, to conceal, or both
- Curtains not included

Chabuki Drop System

A powerful, solenoid drop system designed to release more than just curtains with strength and reliability.

- 720 lb capacity per unit
- Modular system adapts to curves and angles
- Not limited to drapery—supports custom drop effects
- Performs reliably in outdoor and high-wind conditions

SnowStar Snow & Confetti Machine

A motorized rotating drum system that creates theatrical snow or confetti effects—from a light dusting to a full blizzard.

- 5' long × 8" diameter perforated aluminum drum sections
- Sections connect to create custom stage lengths
- One motor drives 1–16 connected sections
- 3/8" perforations distribute snow or confetti evenly

Uses Rose Brand FR paper snow or confetti (sold separately)

Track In A Box

Triple E UNITRACK is a quiet, heavy-duty modular track system designed for touring and temporary installations. Track In A Box packages the complete system—including carriers, fittings, rope, and attachment hardware—into a compact rolling road case for easy transport and setup.

- Includes 50 linear feet of UNITRACK with carriers and hardware
- Modular system adapts to truss, rigging points, or wall installations
- Track capacity 55 lb per linear foot or 110 lb point loads with scenery carriers
- Road case with built-in casters for easy shipping and load-in

- Road case dimensions: 20" W × 46" L × 26" D
- Shipping weight: 370 lb

Pipe & Base 2.0

A flexible adjustable support system for creating temporary drape walls, backdrops, and room dividers.

Combine any drapery in this catalog with pipe & base to quickly build decorative or functional partitions. Our rental drapery is sewn flat so you can gather panels to achieve the desired fullness.

Pipe & Base supports most curtains up to 22' high. Heavier or taller drapes may require additional uprights within a run.

- Ball-end caps for faster setup and reduced curtain damage
- Telescoping anodized aluminum drape supports
- Adjustable from collapsed length to maximum stop length
- Suitable for single or multiple drape wall installations

Steel Shot Bag

Two-section Cordura saddle bags with internal plastic liners for added protection.

- More compact than comparable sandbags
- Available in 15 lb and 25 lb weights

Base

Slip-fit base for uprights to support freestanding drapery.

- Pair with upright at equal intervals
- Available in multiple weights and sizes
